Vincennes	2	8	200

Wednesday's game with Vincennes was of the "Holocaust" variety:

Vincennes presented as its mound artist Chas. Gosnell, who after a most terrific drubbing for three rounds retired in favor of Manager DeHaven, who with frowning mien attempted to stop the tornado of hits, but my! my! If Gosnell's reception was hot, that of DeHaven was so torrid, that it could easily have been traded for the regions we are all trying to escape. Quickly the manager threw up his hands and called 1st baseman Comingore in to help. Evidently Mr. Comingore is a better clown than pitcher and he kept the good natured crowd in a delight by his antics.

The game would be too tedious to describe in detail, suffice to say the game ended with the score:

Hopkinsville 24
Vincennes 2

Binkley pitched a steady game never having to extend himself and at all times being equal to the occasion.

Thursdays Results.

Clarksville 22, Vincennes 4.
Fulton 5, Harrisburg 4.
Hopkinsville 12, Paducah 5.
Cairo-McLeansboro, Rain.

The Alices did not play such bad ball but they could not hit and as they did not present a slab artist equal to the occasion they were badly beaten.

Conklin, the first umpire, gave entire satisfaction and it is hoped Arnold will also.

Harrisburg claims to have made a new record at Cairo last week. They made 55 hits in three games.

Dardio, the Paducah 3rd baseman, was hit on the head by a pitched ball and had to retire from the game.

The first home run was made by Kesling the Mogul center fielder, who knocked the ball to deep center field.

Bradshaw, manager of McLeansboro, has been released, and 1st baseman Stelle has charge of the team. Bradshaw sprained an ankle in practice.

Arnold, the umpire now officiating here, was formerly a Hoptown boy. He lived here years ago and his father manufactured tobacco.

Mike Lyons, is believed to have established a new world's record for heavy hitting in a single game. Out of seven times at bat he got seven hits, two triples, three doubles and two singles, counting for a total of fourteen bases.

The first game with Paducah here this week was won by Hopkinsville, Hopkinsville 12, Paducah 5. Batteries—Lambert, Yon and Huhn, for Hopkinsville. Welch, Floyd and Piere for Paducah. Welch was knocked out in the second inning for Paducah and Cyrus Lambert lasted two and one-half innings for Hopkinsville; both teams seemed to have on their batting clothes.

Bert Flynn, the youngster who held the strong Old Hillside team of the City League to a single safety Sunday and who batted out two hits out of three trips to the plate, has received a nice offer from the Harrisburg Kitty League club and will probably be seen with that aggregation before many days.—Louisville Post.

A meeting of the League officials has been called by President Gosnell for May 28th to consider the Cairo-Fulton muddle. President Gosnell decided the game should be awarded Fulton and the Cairo manager should pay a fine of \$50. The rule is perfectly clear about this.

Without saying anything to prejudice or favor the above decision, we want to say that, baiting, ragging, wrangling and other conduct engaged in by some players to delay the game or otherwise annoy the umpire must be stopped. The game will lose its interest to patrons, if it is not stopped.

In former years the life of an umpire was made miserable by this kind of stuff, both spectators and players having to suffer from some pig headed kicker who tried to play ball with his mouth because he couldn't with his hands and head. When an umpire makes a decision it goes. If you want to kick, go to President Gosnell, tell him your troubles and he will remedy them.

Franks Bucking.

In opening his campaign for the nomination for governor, E. T. Franks, of Owensboro, at Bourbonville seriously attacked the platform of Judge E. C. O'Rear and charged O'Rear with being the "choice and candidate of the night riders."

"Should Judge O'Rear be elected governor of Kentucky his election would sound the death knell of civil liberty," Franks said.

there was a break in the weather Saturday and the mercury remained in the eighties two or three days. It began to ascend however, Tuesday and continued to climb until 98 was reached.
